

FIRST CALL FOR PAPERS – TMCE 2018

Dear Colleague,

It is our pleasure to invite you to submit a scientific paper to the Twelfth International Tools and Methods of Competitive Engineering (TMCE 2018) Symposium. As announced earlier, TMCE 2018 will be held in Las Palmas de Gran Canaria, Spain, from 7 May 2018 until 11 May 2018. The focus theme of the TMCE 2018 Symposium is: *'Implementation, application and utilization of smart systems'*. The intention of the Organizing Committee is to offer a road paving professional program, as well as a rich packet of social events. The plan of receiving and processing papers is as follows:

Submission of full papers:	31 August 2017
Notification of paper acceptance:	30 November 2017
Submission of revised papers:	15 January 2018
Digital proceedings available:	30 April 2018

Authors who did previously not submit a regular or extended Abstract may also submit their papers as new submissions on EasyChair, and are encouraged to do so before the above deadline. Please consult the list of topics proposed for TMCE 2018 at choosing the theme of your paper. Original research, survey and application papers are expected mainly on these topics. If your abstract has been accepted for the technical program, please update it with your proposed paper. To submit a full-length paper, please visit the web-site of TMCE SYMPOSIA at <http://tmce.io.tudelft.nl/>. In the TMCE 2018 menu block, click on the item *'Paper submission'* and you will be taken to the EasyChair website. Alternatively, you can reach the EasyChair website using the link <https://easychair.org/account/signin.cgi/>. Register yourself on EasyChair and upload the file of your paper.

As in the past, at least one registration for the Symposium is required for each submitted paper. All full-length papers will be sent to at least three peer reviewers. The acceptance of the paper for publication and presentation depends on their recommendations. Accepted papers will be published in the digital Proceedings of TMCE 2018. The best papers will also be republished in leading international journals after revision. Should you have any question please do not hesitate to contact us. Please kindly forward our invitation to colleagues who may be interested in submitting papers and taking part in the Symposium. We look forward to welcoming you at TMCE 2018 in Gran Canaria.

With kind regards,

Prof. Dr. Imre Horváth
